

Oconee Electric Membership Corporation

478.676.3191
www.oconeeemc.com

serving Baldwin, Bibb, Bleckley, Dodge, Laurens, Twiggs and Wilkinson counties

Conexon Connect, powered by Oconee EMC currently has 198 active subscribers and 87 pending installations. The Conexon Connect, Oconee EMC partnership allows for Oconee EMC's substations to be connected to fiber, infrastructure to be strengthened and the electric grid to be more reliable.

This project also allows Wilkinson families the ability to access telehealth resources, improving their healthcare services while our First Responders keep our community safe. It enables students to complete their homework, and employees to work remotely as the businesses compete in our national and international economy.

With approximately 588 miles of line within their Wilkinson County service territory, Conexon and Oconee EMC's partnership is on target to complete the project by summer 2025.
